Dear Prof. Sergiy Ivanov ,

NEEFood 2013

It was a pleasure to be involved in NEEFood 2013, not only because it is always a pleasure to visit Kiev and in particular the university (NUFT), but also because the conference exceeded my already high expectations by far. The organisation was perfect, nothing left to chance, the facilities were excellent, the presentations of high quality and the food typically Ukrainian – of a quality that is very hard to match anywhere else. It may look like I am exaggerating, but be ascertained that I am not doing so. In addition, the performances of the students on the Europe day were exhilarating, funny and what they said about the various European cultures was mostly amazingly correct.

My congratulations to everybody involved with this highly successful and unforgettable event.

Sincerely and with kind regards,

Huub Lelieveld
