## Aim of the Congress

We are pleased to invite you to participate in the Second North and East European Congress on Food (NEEFood-2013) which will be held on May 26-29, 2013 on the premises of the National University of Food Technologies.

The NEEFood-2013 Congress will concentrate on the creating favorable conditions for knowledge transfer and dissemination amongst the wide ranks of food scientists and technologists. Congress round table discussions and plenary meetings will provide its participants with an ample opportunity to exchange ideas establish mutually fruitful contacts, elaborate novel approaches to address the modern challenges along the whole food chain.

We expect that the leading European specialists from every branch of food production gathered together will generate a unique integral approach and link together such critical issues as food security, nanotechnology, energy and resource savings, environmental impacts and sustainability. The NEEFood-2013 Congress will become an arena for rigorous discussions of above mentioned problems, as well as an impetus to establish scientific and friendly relations between the international specialists. The NEEFood-2013 Congress will provide an opportunity for leaders from science and industry to present their achievements as a poster or oral presentation. Welcome to Kyiv!
